

Yankee Clipper Motel

Changes in response to Covid-19 Conditions

In accordance with Maine's current "Keep Maine Healthy" Executive mandate, guests who are not ME, MA, VT, NH, NY, NJ or CT residents are required to complete the State's Certificate of Compliance prior to check-in. Essential workers not from these states need to provide documentation.

To protect our guests and employees we have made these adjustments:

-We are reducing interactions at the front desk by taking reservations/payments online or by phone as much as possible. State law requires wearing face masks inside the lobby.

-We are following up-to-date CDC recommendations for our housekeeping operations, using an EPA approved disinfectant for COVID-19.

Service changes to reduce contact/promote distancing:

-We are suspending daily housekeeping during a guest's stay. Housekeeping is available by request, please call 207-338-2353.

-Fresh towels, linens and amenities are available by calling 207-338-2353

-Clean phones, notepads, pens are available by request.

-Trash may be disposed of in the receptacle outside the lobby.

-Please remember to take your key when you leave your room; rooms lock automatically when you close the door. When checking out please leave the key in the room.

We ask guests and all staff to follow CDC recommendations regarding social distancing (remaining at least 6 feet away) and to use face masks when distancing is not possible. We ask anyone who is unwell to stay at home.

If you require any other assistance, please call: 207-338-2353
